

OMBRELO™

Special needs stroller

Class I Medical Device

**This is a medical device.
Use it in accordance with the user manual or the label.**

Description

Light and easy to fold special needs stroller for children and adults. It has innovative seat **BodyPrint™** that was equipped with unique belts system. When adjusted perfectly gives the optimal positioning and comfort of use even for all day seating. Adjustable seat depth and backrest height for optimal comfort and correct position while seating. 30° fixed tilt promotes upper body positioning for those with limited trunk stability or upper body strength.

OMBRELO™ stroller is very comfortable and stable with excellent maneuverability.

Adjustable swing-away multi footplates for easy come out of the stroller FlipFlap™ allow to adjust each foot separately. They are equipped with foot straps for 2 ways of stabilization.

The stroller is available in 4 sizes.

Size 5 is dedicated for adults with weight up to 120 kg.

OMBRELO™ passed the **Crash Test** in accordance with **EN 7176/19**.

Accessories

Loins support

It allows better stabilization of the lumbar back.

Oxygen tank holder

Oxygen tank case can be attached to the stroller by use of Velcro straps with adjustable length. Made to measure to perfectly fit the patient's oxygen tank.

Umbrella

Attachable to the stroller's frame, perfectly protects from the sunlight or rain.

Trunk stabilizing belt

It acts as an additional trunk protection which helps to keep a proper sitting position. The belt is fastened by use of Velcro straps and its size can be adjusted to the user.

Safety rail

Makes the user safe in the stroller. Protects against falling out.
